

Emerald Design Pricing

My #1 question—How much do flowers cost? The answer—It depends.

Pricing is unique to each event. The varieties of flowers and foliages, the size and fullness of an arrangement, and the seasonality will determine the final price. With that being said, below is information to help you to begin to plan for your event.

Full Design Pricing—minimum \$2000

Full event design includes two in-person consultations, creation of all design pieces as well as coordination of rental items if interested, delivery, installation, and clean up. The above price is for events within a one hour radius of Evansville. Events a further distance from Evansville may require a higher minimum spend.

A La Carte Pricing

Event design under the \$2000 minimum is available for pick up. Delivery is available for an additional fee. Installation and clean up is not available for this service.
